

Measurement Guide for Custom Leotards

Welcome! This guide is specifically for gymnasts who are **unable to visit the workshop**. If you are able to come in for an appointment, we will take your measurements in person to ensure the perfect fit.

To help us create the perfect custom leotard for you, please follow the instructions below carefully. For each measurement, write down your measurements in the provided space. If you need assistance, refer to the detailed **Measurement Guide** with pictures available on our website.

Personal Information

- **Name:**.....
 - **Age:**.....
 - **Sport/Discipline:**.....
-

Step-by-Step Measurements

Elastic Band: Before starting, please **tie an elastic band around your natural waistline** (around the narrowest part of your torso). This will help ensure accurate waist and crotch measurements. Make sure the elastic band is snug but not tight—enough to stay in place but still allow comfort.

Measurement Guide: For additional assistance, refer to the **Measurement Guide** on our website <https://magicfix.shop> for illustrations and step-by-step instructions.

For **skirted designs**, make sure to follow the specific instructions for skirt length.

For one-sleeve designs: Measure the arm that will have the sleeve, making sure to follow the **Shoulder Top Measurement** from the neck to the start of the arm, and then measure the **Sleeve Length** on the correct arm only.

Please ensure you take each measurement carefully and fill in the corresponding section. If you have any doubts, the guide on our website can help clarify.

#	Measurement Title	Client's Measurement	Required	Sleeve	Skirt	Pant Unitard	Collar
3	Gymnast's Height		X				
4	Girth		X				
5	Chest Size		X				
6	Waist Size		X				
7	Hips Size		X				
8	Back to Waist Length		X				
9	Crotch Length		X				
10	Neck Size						X
11	Shoulder Top		X				
12	Sleeve Length			X			
13	Under Arm Width			X			
14	Wrist Size			X			
15	Leg Opening		X				
16	Skirt Front Length				X		
17	Skirt Back Length				X		
18	Waist to Floor Length					X	
19	Thigh					X	
20	Knee					X	
21	Ankle Size					X	
22	Crotch Depth					X	

Once you've filled in all your measurements, you can submit the form and we'll get started on your custom leotard! Good luck!
